

THE ARGUMENT HERE IS THE LONG VERSION OF
THE TITLE TO BE USED IN THE DOCUMENT

NOAH C. RUDERMAN

This is the optional dedicatory comment

ABSTRACT. This is the abstract for the document and contains
much relevant information.

Chapter 11: The AMS article document class

I don't understand why but the title and dedicatory commands are
not working like they should. It actually turns out that I forgot to
include the *maketitle* command at the end of the top matter. This
changed everything.
